

Camp Tuolumne Trails Receives Action TrackChair in Partnership with Allegiant Giving, SSI, and Others

Camp Tuolumne Trails is the recipient of a very special Action TrackChair from Allegiant Giving and local companies and individuals including Black Oak Casino, Blue Mountain Minerals, Sonora Regional Medical, Cutler-Segerstrom, AutoTech, T&C Signs, Micro-Tronics, Deputy Sheriffs Association, Surveillance Systems Inc., and others.

This \$15,000 all-terrain wheelchair, manufactured by Action Manufacturing in Minnesota, "enables the disabled." It will be a valuable addition to Tuolumne Trail's services to children and adults with special medical needs. They can use it "off-road" to explore the many trails and beautiful overlooks on camp property.

Co-founders Michael Mathews and Todd Flowers explained that Allegiant Giving has raised money to pay for eight of these chairs so far, providing them to disabled veterans and the organizations that serve them. They also presented a check to camp founder, Jerry Baker. Black Oak general manager Aaron Moss reports that the casino and its partner donors in Tuolumne County have contributed three chairs in our area to-date.

The Action TrackChair was awarded to Camp Tuolumne Trails as a result of camp's many services to veterans. This week, Camp Tuolumne Trails is hosting Operation Creekside and their Task Force Hope families. These returned veterans work tirelessly to help themselves and others to prevent veteran suicide.

For more information contact Surveillance Systems Incorporated at (800) 508-6981 or visit the website at www.ssicctv.com.

Surveillance Systems Incorporated was established in 2002, and is headquartered in Rocklin, California. SSI offers surveillance integration expertise in three target markets, Casino, Retail, and Commercial. Providing clients with comprehensive systems solutions from system design to installation and execution, SSI offers highly-technical consultation, system-design engineering, advanced project management, and professional installation. SSI prides themselves on providing unsurpassed customer service and support.
